Plaintiff Alleges That He Should Pay Her Store Rent-Says That Hs Only Worked For His Father and Was Not Interested in the Business.

In the municipal court vesterday was called the civil action of Helen Winston vs. Frank Woodbury. The defendant in the action is the son of the late Ryland Woodbury who committed suicide at Evansville recently. The late Mr. Woodbury conducted a general store at Evansville with his son. Mrs. Winston rented the store to Mr. Woodbury and son and now she sues the son for about \$300 back rent that she alleges was never paid her. Frank Woodbury, the son and defendant alleges that he was in no way connected with his father's business as a partner and that he was merely employed in the store. EXAMINE THE COWS!

State Veterinaran Clute says Janes ville should have an ordinance to provide for the inspection of cows, thus guarding against the spread of tuberculosis through the medium of the milk. The recommendation is a good one, and we gladly second the motion, offering. however, the amendment that the work of inspection be placed in charge of Dr. E. D. Roberts. No Wisconsin practitioner stands higher than Dr. Roberts, and he would do his work to the satisfaction of all concerned.

Every means should be employed to prevent the spread of consumption. It is the most relentless of diseases, and medical skill is insufficient to cope with it. It kills by inches, but its dread work is always done. It lies dormant in the child, only to show itself in the adult. It takes its victim at the time of his greatest usefulness—slay the father just as his opportunities present themselves, and kills the mother when her babes most need a mother's care. It is the blackest spectre that casts a shadow upon existence- the insiduous destroyer that seeks the most unfeeling means of accomplishing a cruel purpose. The rack of bygone days was a humane executioner when compared with the consumption of today. The rack inflicted physical torture only, while the consumptive is forced to look into a cheerless future for weeks, months or even years, knowing at the same time, full well that the span of existence is only measured by the strength of the heart strings. Mental, as well as physical torture, is his lot, and as the closing days approach, the grave is all too far away. The patient has now passed is the prelude. blasted ambition, and only hopes for death-death that will be delayed until the relentless disease can find nothing more upon which to feed itself.

Our democratic friends are again whiling away their dull moments by pounding Ellis B. Usher, but they have equally bitter things to say of all gold democrats. The conclusion is warranted, therefore, that there is no seat of comfort upon the fence, and the sooner the real democracy affiliates with the party that stands for the best government the better for all concerned.

Thomas Brahany of The Milwaukee Sentinel, has been offered the appointment of private secretary to Senator Quarles and has gone to Washington to consult with the senator. Mr. Brahany is an exceptionally capable newspaper man and if he accepts the place, Senator Quarles may rest assured that his work will be well and properly attended to.

## JUVENILE THIEF ARRESTED IN SCHOOL

WILLIE COLLINS STEALS CASH FROM SAFE.

Deputy Samuel Brown Made, Arrest This Afternoon at the Second Ward School-Boy Opened Safe at Plowright & Sagers Coal and Wood Office.

Willie Collins, fourteen year old son of Hugh Collins, was arrested this afternoon while seated in the front row in the third grade of the Second ward

Deputy Samuel Brown made the ar rest on complaint of the local coal and wood firm of Plowright who allege that young Collins entered their office at 8 clock this morning and stole from the safe \$2.50 in cash

When taken to jail the boy told all he knew on being informed that he would be locked up if he did not tell the truth. Then he talked so rapid that the fastest of stenographers would have been unable to follow him.

He said he was guilty and that when he entered the North Bluff street office of the firm no one was in the office. As he left he met. Mr. Sager who gave chase but was unable to catch the swift running lad.

When questioned by Judge Fifield in the municipal court this afternoon the

"I have not been to school since my mother died. I am in the third grade at the Second ward school; I have no brother, but three sisters; I never stole money before; I stole this time when Mr. Sager was out of the office; I opened the safe and took two dollars and a half; I intended to save the money till my sisters came home; I hid the money un der a car near the gas house; the money that I took was two silver dollars and a half dollar; I went to the Mary Kimball Sunday school and she told me it was An For Two Dollars in Cash For the wrong to steal."

On his plea of guilty Judge Fifield then sentenced Willie to the Industrial school at Waukesha till he shall attain the age of twenty-one unless otherwise discharged by law.

When sentence was passed Willie never shed a tear. He said he would behave himself and learn a trade: Willie Collins is a bright appearing

boy who has been residing with his Lister, Mrs. Michael Holloran on Glen

Old goods too, are coming in for a share of attention and the advanced prices for the new cop has evidently having the effect in securing better figures for '99 and older leaf. The remnants of '98 both in the country and from packers hands are being quietly gathered up in anticipation that it is good property to hold. Some large transactions have taken place, 2600 case lot is reported sold by Meyer & Men delssohn to Kerbs, Wirtheim & Schiffer. Spitzner and Child have bought about 1200 cases of late, mainly from local packers including 269 cases of E. O. Hopkins, 300 cases of Brikson at Mc-Farland and 125 cases of Nels Nelson. Bonn & Eisenlohr have also purchased several hundred cases. C. O. Drugsvald sold 37 cases of '97 at 9 c and Nels Fosdahl 43 cases '98 at 84c.

Another spell of casing weather early in the week gave the growers a chance to remove the balance of their hanging tobacco from the sheds. It is feared that some leaf was taken down in too high case and will need careful attention.

Official Report of the Casualties at Magersfontein.

REACH 833 OFFICERS AND MEN.

Garrison at Ladysmith Destroys the Moddersprait Bridge in a Sortie-Gen French Wins a Skirmish-Britain May Send More Troops.

London, Dec. 15 .-- An analysis of Lord Methuen's total loss of 833 at Magersfontein shows the following: fifteen killed, forty-eight wounded, five missing, one prisoner. The casualties among the troops outside the Highland brigade were eight men killed, 106 wounded and missing. Taking the official estimate of losses of the Highland brigade the entire casualties in the engagement amount to 833 officers and men killed, wounded. missing and prisoners.

London, Dec. 15.—A special dispatch received here from Weenen. Natal, dated Monday, Dec. 11, says that the Ladysmith garrison had made a sortie and destroyed the Modderspruit bridge.

The war office has received the following dispatch from Gen. Forestier-Walker at Cape Town:

"Gen. French wires, under date of Dec. 13, reporting a skirmish at. 4 o'clock in the morning with 1,800 Boers who were advancing southward toward Naauwpoort. The skirmishing continued all the morning, the Boers fighting on a front of fourteen miles. The enemy retired with a loss of forty killed and wounded. Our casualties were one killed, seven wounded, including one officer, and two missing."

Sir Charles Warren, who arrived at Cane Town yesterday, will nossibly join Lord Methuen and take command of the combined forces.

Frere Camp, Dec. 13.—Firing can be heard this morning in the direction of Colenso, and an artillery duel is expected today.

Gloom at London. London, Dec. 15 .- The official reports

showing that Methuen's loss at Magersfontein, is twice as great as the previous estimate has increased the gen-

Nothing short of a decisive success, however, by either Buller, Methuen or Gatacre' can restore the optimistic hopes of a week ago.

Sir Redvers Buller is the man really Sooked to to restore the feeling of confidence in British arms, but it is evident he must act promptly and effectively. Nothing short of a really brilliant victory or the relief of Ladysmith, Mafeking or Kimberley will prevent serious political results.

The Daily Mail's special from Sterkstoom, dated on Tuesday, says that Gen. Gatacre is there and that the Boers claim they had only 800 in the Stormberg action. The British losses were twenty-nine killed and 100 wounded, which, adding those captured, brings the total loss considerably over 700.

A great demand from press and public has gone forth since the Gatacre and Methuen reverses that more troops be sent at once to South Africa. The Times demands 30,000 more. This is the minimum asked for. Lord Londonderry thinks 100,000 are needed. The Daily News, in an article regarded as inspired, says: "The authorities delayed calling on the reservists till the last possible moment, but the news from Modder river decided the matter. and the government will send re-

Story of Methuen Reverse. Modder River, Cape Colony, Dec. 12. -Details gathere here among the wounded British and Boers give some

idea of the desperate nature of the fight at Magersfontein.

The Highlanders did all that the most gallant troops in the world could do, but it was impossible to face the terrible fire of the Boers. The British artillery again saved the situation, and divides the honors of the day with the Scots. The batteries worked for hours under a galling fire.

According to the Boer stories, it was impossible for the burghers to have escaped fearful loss. The side of the hill and the immediate neighborhood of the Boer trenches showed dead bodies all about. One wounded Boer informed a correspondent that their loss was terrible. The whole Scandinavian contingent was destroyed. Judging from information gleaned from the Boer wounded and from prisoners taken in different parts of the field, the Boer losses must exceed 700. The destruction wrought by the naval guns was enormous. Word was passed along the Boer lines to prepare to retreat at nightfall. All confess that it was their greatest loss during the war.

Great Britain's Resources in Men. London, Dec. 15 .- Of her army, Great Britain now has 75,500 men in South Africa. This excludes all the colonial forces raised there and in Canada and Australia, estimated to number 20,000.

The Fifth division, comprising 10,000 men, is now embarking or ready to embark. The Sixth division of 10,006 men is mobilizing, and orders for the

Seventh division of 10,000 to be mobilized have just been issued.

The total reserve this year, according to parliamentary estimates, is

When all above force is at the front or mobilized, 40,000 of the reserves will have been exhausted. There remains of the British regular army establishment 121,000. Forty-five thousand of these are in Egypt, the Mediterranean and other British garrisons throughout the world.

Beyond this the war office figures show 112,000 militia. These are men who have one month's training each year with a few regular army officers scattered through the regimental staffs. Ten thousand of these have been called for home garrison duty. Next come 232,000 volunteers, with some regular army officers serving with them, but equal in all respects to the National guard of the United

Military experts on all papers agree that Great Britain is prepared in a measure for any foreign attack, in this that the only unsafe point is the Russian frontier in India. The regular force in India, exclusive of all the. above figures, was, in July last, 73,162. Of these only 8,000 have been sent to South Africa.

India, the experts declare, is safe, and Great Britain's great navy, if need be, will be able to meet and check any demonstration of any two foreign powers combined, even if it takes the form of an attack in Egypt, an effort for the partition of Morocco, or to provide Russia with a port in the eastern Mediterranean.

Ignored by Com Paul.

Washington, Dec. 15.—The Boer government has entirely ignored the representations of the United States, which amounted to a virtual protest against the ruling that Mr. Macrum, the United States consul at Pretoria, as the representative of British interests during the war, would not be permitted to perform friendly services to British prisoners in the Transvanl, such as the distribution among them of money with which to purchase tobacco and other things classed as delicacies. Although the representations were made several weeks ago, the Transvaal authorities have not taken eral gloom perceptibly.

One small encouraging report has consideration, or even to acknowledge that the fact that Gen. French that they had been received.

Federation of Labor. Detroit, Dec. 15 .- Sentiments of the delegates to the American Federation of Labor convention on various pending questions were declared Thursday in the adoption of a string of resolutions reported out by committees.

The New York Sun lockout committee recommended the adoption of a resolution offered from the Detroit Trades council, declaring indorsement of the Sun boycott by the federation approving the "magnificent defense of the rights of labor" made by the printers and stereotypers in the matter and calling "upon all members of affiliated unions and all who sympathize therewith to refrain from purchasing the Sun and Evening Sun, and to discontinue dealings with any person, firm or corporation that advertises in

those newspapers."
The resolution was adopted unanimously.

A resolution declaring for reduction of the standing army to 25,000 men was adopted.

Other resolutions were adopted, as follows: Urging state legislatures to outlaw all kinds of competitive convict Jabor; against permitting slavery in the Hawaiian Islands, and appropriating \$500 in aid of Cramp shipyard

May Yet Involve Europe, Vienna, Dec. 15.—The British losses in the Transvaal are editorially commented upon in the leading Vienna papers, all agreeing that the situation is not only serious for Great Britain, but may yet prove of wide-reaching significance to all the leading powers. The Allgemeine Zeitung points out that "the defeat of Great Britain might result in the breaking up of the empire, not entirely unlike that now taking place in China. Let the powers who have envied Great Britain her possessions, her wealth, and her position, but see that she cannot master a handful of Boers, and they will not fear to attack her, for they will realize that British power is as much mere seeming as was that of the old Colossus in
